

## **Answer Key:**

# **CJ Book 4: Arrrrrr, Where be the Treasure?**

## **Congratulations on finishing the puzzle!**

Clue #1: The map says to take half a dozen steps, how many steps is this?

**Answer: 6**

Clue #2: The next task is to spin around the same number of times as fingers you have on one hand. How many times do you need to spin around?

**Answer: 5**

Clue #3: The map tells you to gather wheels for a cart to carry the treasure in. How many wheels do you need?

**Answer: 4**

Clue #4: The next step on the treasure map tells you to roll the cart forward not 8 feet forward, not 6 feet forward; but the number you would find in between. How many feet do you roll the cart?

**Answer: 7**

Clue #5: Where you stopped the cart is a pile of tools. You pick a shovel up in each hand. How many tools do you have?

**Answer: 2**

Clue #6: You are getting so close to the end. Now that you have your tools it is time to figure out where to dig. This clue tells you to walk 4 steps with each foot, what is the total number of steps you take?

**Answer: 8**

**Clue #7: X marks the spot! If this is a treasure map, how many X's should you find?**

**Answer: 1**

**Clue #8: Start digging! Dig down two less than five feet. How many feet do you dig down?**

**Answer: 3 feet**

**Treasure: Inside the treasure chest lies riches of gold, silver, and jewels!**
